Church News

If you are looking for a church home, consider Crown of Life Lutheran Church. We teach Jesus' love through the truths of the Bible. We would love to see you here on Sunday.

Service Times

Church Service 8:00 am Sunday morning with refreshments to follow
Sunday School 9:30 am
Church Service 10:45 am

Lenten Services

Crown of Life Lutheran Church will be continuing our Lenten Season with evening services on Wednesdays at 7:00 pm.

The Lenten season in the weeks leading up to Easter, allows our hearts and minds to be reminded of Jesus' great love and sacrifice for us.

Important Dates

Easter Break

No School

Fri. 4/22, Mon. 4/25

No VPK

4/26-4/29

Full Day and Extended care can attend

2011-2012 School Year

If your son or daughter will be with us again next year for school, look for an enrollment packet in your child's cubbie. We have some discounts on tuition for returning students who enroll before March 31st.

This Week at Crown of Life...

Bible Story

Our Bible story this week is;
Jesus Rides into Jerusalem

Our memory treasure for the week is,
"Praise the Lord, O my soul." Psalm 103:1

Song:

Allelu, allelu, allelu, alleluia!

Praise ye the Lord!

Allelu, allelu, allelu, alleluia!

Praise ye the Lord!

Praise ye the Lord. Alleluia!

Praise ye the Lord. Alleluia!

Praise ye the Lord. Alleluia!

Praise ye the Lord!

Theme

Plants/ Farm

This week we will be talking about plants; their life cycle, and their uses in our daily lives. We will sprout some bean seeds and plant some marigold. How great to be able to get our hands a little dirty and watch how awesome God's creation can be.

Art

Fingerprint flowers and bugs- we will use our fingerprints, dipped in paint, to make bugs and flower petals and leaves.

Tissue Flowers- we will create lovely 3D flowers by crumpling tissue paper and gluing it to tagboard.

Math/ Science

Plant lifecycle- We will look at the stages of development for different plants. We will also identify different parts of a plant; root, stem, leaf, petal.

Small Group

Mon. -Fingerprint flowers and bugs

-Describing words- We will be the teachers and tell all that we can about a picture. After all, a picture is worth 1,000 words.

Tues. -Bean sprouting

-Last Names- we will look at our last names and start writing them

Wed. -Tissue Flowers

-Sorting Leaves- we will look at the different shapes, colors, sizes, and textures of leaves from our yard and sort them accordingly.

Thurs. -Plant life cycle- with books and pictures

-Big Room Movement- action stations

Fri. -Marigold Seed Planting

-Journals
